## 2020/21 MEASURE J COMMUNITY PROGRESS REPORT

### *Letter from the COC Chairman to Our Community,*

As our community continues to battle the COVID-19 pandemic, the North Orange County Community College District (NOCCCD) building programs funded by Measure J have progressed admirably. Between 2020 and 2021, NOCCCD dealt with worker shortages, supply chain disruptions, escalating material costs and scarcity. In spite of these challenges, I'm happy to report that the District has already successfully completed four projects at Cypress College and Fullerton College.

Thanks to the tremendous dedication and hard work carried out by the District, Cypress College has finished work on the new Science, Engineering, and Mathematics (SEM) building which will house state-of-the-art laboratories for our future oceanographers, physicists, chemists, biologists, geographers, and more. Also in the SEM building, the Immersive Digital Classroom will allow for a 360 degree interactive learning experience for astronomy students, as well as other pedagogical pursuits. With the opening of the Veterans' Resource Center and Student Activities Center, students will have access to general gathering and leisure space, with an impressive holistic space for our veterans.

At Fullerton College, Humanities students and faculty will soon be able to enjoy upgraded classrooms, offices and meeting spaces at the new instructional building. With the completion of these projects, approximately two-fifths of Measure J Bond's funding will have been utilized.

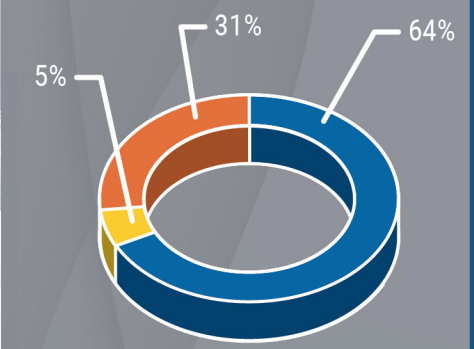

Recently, State allocations were approved for the design and build of a new Performing Arts Complex at Fullerton College as well as the Remediation of Water Intrusion project at the NOCE Anaheim Campus. Meanwhile, design efforts are nearing completion for the Fine Arts Renovation project at Cypress College. The improvements to the current building are guided by a design with considerations for adaptability to new learning environments based on experiences of the recent years. Construction documents will be submitted to the State agency responsible for educational building permitting in the last quarter of 2021.

In closing, the NOCCCD and the campuses will continue to work tirelessly to advance the needs of our students and community to build toward a better future. Please continue to visit the District and Measure J Bond websites listed for the latest news and construction progress pictures.

Sincerely, *Mark Pavlovich*  
 Mark Pavlovich

### MEASURE J TO DATE

To ensure maximum fiscal responsibility, NOCCCD is continuously tracking construction and design expenditures for all active projects. Planning for the upcoming series of projects is underway in response to the updated educational and facilities master plans at the three District campuses.

■ Uncommitted Balance...\$375.3M  
 ■ Committed..... \$ 31.1M  
 ■ Expended..... \$178.6M

*\*Data as of 6/30/2021*

*Completed Veterans' Memorial Bridge and Tribute Garden at Cypress College.*

### COMMUNITY PROGRESS REPORT

## 2020/21

## Citizens' Oversight Committee

The Citizens' Oversight Committee (COC) convenes quarterly and meetings are open to the public. For meeting information, approved meeting minutes, and committee information, visit the District's Measure J website: [www.nocccd.edu/bond-measure-j](http://www.nocccd.edu/bond-measure-j)

### FORUMS

In an effort to hear from our surrounding communities, Citizens' Oversight Committee (COC) meetings are held quarterly. These public forums, currently conducted in a virtual format, allow for sharing of information, meaningful dialogue, and opportunities for questions from both our community partners and internal constituencies. For 2021-22, the following dates are scheduled for committee meetings. Please check the District website for the most recent details on platform, location, and time.

- September 1, 2021
- March 2, 2022
- December 1, 2021
- June 1, 2022

### STAFFING

The District has retained experienced firms to assist in all project stages. In addition, campuses have Capital Project Managers to lead stakeholders' meetings, and guide the decision-making processes with the collaboration of Assistant Project Managers. MAAS Companies continues to oversee all Measure J construction projects following an extension of their current contract to 2023. The DLR Group, Westberg White Architecture, and CRB Architecture are actively providing architectural guidance and expertise to the campuses.

### FINANCE

The District, with assistance from MAAS Companies, continues to closely monitor quarterly cash flow projections based on proposed and active project schedules to determine future need for bond series releases. Upcoming series release is anticipated in 2022.

<b>Measure J Total</b>	<b>\$574,000,000</b>
<b>Interest Earned to Date (June 2021)</b>	<b>\$9,251,063</b>
<b>Bond Series A (Issued 2016)</b>	<b>\$100,000,000</b>
<b>Bond Series B (Issued 2019)</b>	<b>\$150,000,000</b>
<b>Contracted (June 2021)</b>	<b>\$209,710,531</b>
<b>Expended (June 2021)</b>	<b>\$178,645,704</b>

## 3 PROJECTS IN PLANNING

Campuses are continuously assessing facilities needs based on the updated educational master plans. NOCCCD is dynamically collecting pools of prequalified firms and contractors to work on Measure J projects. For opportunities please visit the District's Purchasing Department website for the most recent listings and open RFPs and RFQs.

## 17 PROJECTS COMPLETED

In addition to the projects completed at the Anaheim Campus in 2018, this year marks the successful completion of two new buildings at Cypress College in the form of the Science, Engineering, and Math Building as well as the Veterans' Resource Center. The Campus' central courtyard also has a new Tribute Garden and Memorial Bridge dedicated to our Nation's Veterans. A Greenhouse structure was completed at Fullerton College for the Horticulture program, and an Instructional building will house classes and faculty offices for the Humanities Department.

## 1 PROJECTS IN DESIGN

At Cypress College, the Fine Arts Building Renovation and Swing Space was submitted to the Division of the State Architect (DSA) for review and approval for construction. Design continues for the New Performing Arts Complex, Chapman/Newell Instructional Building, and the Maintenance and Operations Building at Fullerton College. The water intrusion life and safety renovation and associated swing space design are underway with an anticipated construction start in the second half of 2022 at Anaheim.
